BRILLIANT AND SIMPLE IDEAS FOR YOUR DAILY LIFE

Candy continues to offer new ideas, solutions and products that are brilliant, smart and easy to use, with an **accessible positioning** and a constant **touch of Italian style**.

SMART

Candy has a **smart approach** as the brand offers many ideas to **simplify your daily life** with a complete range of **connected products** and unique, **brilliant solutions**.

ACCESSIBLE

Candy has an **accessible positioning** due to both its **value for money proposition** (always offering something more at a lower price compared to competitors) through each product category and its set of **easy-to-use technologies**.

ITALIAN

Candy has an **Italian touch** that you can feel in the products' design, in the **attention to details** and in the brand attitude towards **home living**, food and **lifestyle** in general.
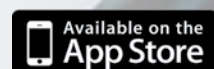

simply Fi®

CONNECTED TO YOUR LIFE

THE WHOLE RANGE OF *DOMESTIC APPLIANCES* THAT COMMUNICATE TO YOU

Today, more and more people organise their lives through a **smartphone**.

Why not use it around the **house** too?

Thanks to Candy simply-Fi, **you can communicate with your appliances, simply through your mobile devices and the simply-Fi App.**

Download now the simply-Fi App.

Available on the **App Store**

ANDROID APP ON **Google** play

On products with Smart Touch technology, the interaction with the appliance is enabled only by Android smartphones equipped with compatible NFC technology.

SIMPLY-FI OVENS

DO YOU WANT TO CHOOSE AMONG A WIDE VARIETY OF RECIPES?

With the Candy simply-Fi App you have access to an extensive assortment of dedicated recipes, specifically created for the Candy connected ovens and their cooking functions. Just choose your favourite according to your taste and your need!

MORE THAN 200 RECIPES

DO YOU WANT TO ACTIVATE YOUR OVEN REMOTELY?

With the Candy simply-Fi App, you can check and manage your oven remotely, wherever you are. Start or stop preheating and cooking or simply check the status of your oven to be always updated about the time left to cook.

REMOTE CONTROL

WOULD YOU LIKE TO INTERACT WITH YOUR OVEN BY JUST USING YOUR VOICE?

Thanks to the Candy simply-Fi App you can talk to your oven and get tips and suggestions about the best cooking methods of your favourite dishes. Interact with your oven by app, or via digital assistants (Google Assistant and Amazon Alexa).
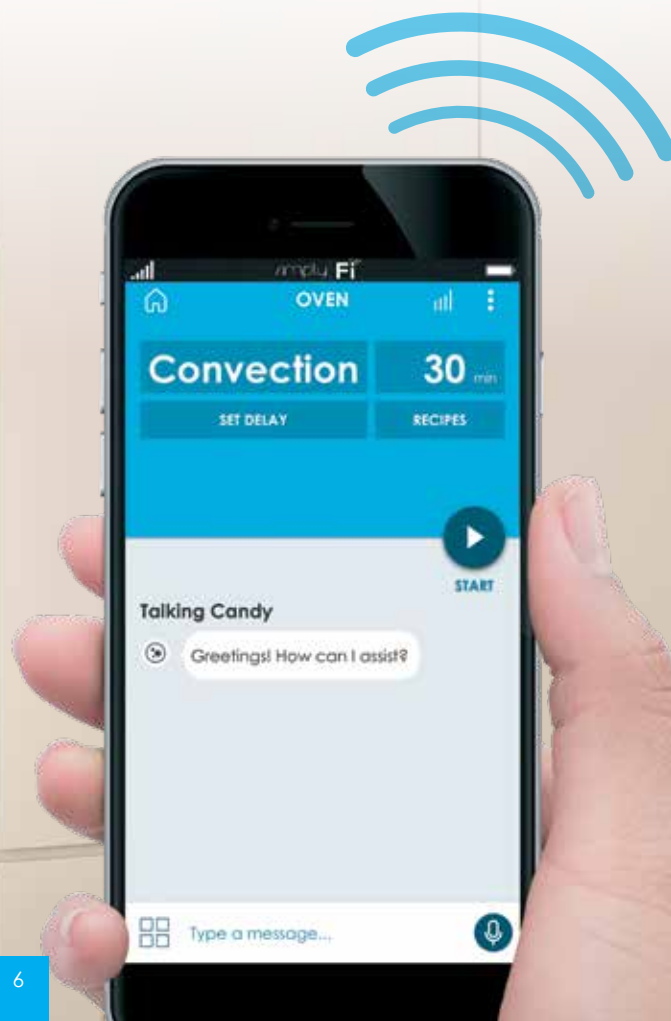

TALKING CANDY

DO YOU WANT YOUR APPLIANCE TO LET YOU KNOW ITS CONDITION?

Check the oven status and ensure smooth functioning of electrical appliances wherever you are. Get practical and useful advices and be always updated trough statistics and maintenance check-up, just by using the App.

INFO SYSTEM

SIMPLY-FI REFRIGERATORS

DON'T WASTE YOUR FOOD!

Manage your food storage and get notification when the food is going to expire.

INVENTORY ASSISTANT

WHERE DO I PUT THE FOOD?

Select the food that you want to insert in the fridge by using the App and get suggestions about its location in order to preserve food in a perfect way!

FOOD LOCATOR

WOULD YOU LIKE TO TALK TO YOUR FRIDGE?

Talk and chat to the fridge: change temperature settings, launch special functions or ask for some suggestions!

TALKING CANDY

INCREASE THE FRIDGE POWER WHILE YOU ARE OUT!

Increase cooling power remotely by activating a super boost option trough the App. After you've filled the fridge, it automatically sets the previous temperature.

SUPER FREEZING/SUPER COOLING

IS THE BOTTLE READY?

Choose the drink that you want to chill and receive a message when it's ready to drink!

SMART DRINK ASSISTANT

ARE YOU GOING ON HOLIDAY AND WANT TO SAVE ENERGY?

Simply turn off the refrigerator with the special Holiday Mode and restart it remotely via App, whenever you want.

WAKE-UP HOLIDAY

SIMPLY-FI DISHWASHERS

WOULD YOU LIKE TO START THE PERFECT CYCLE IN A SMART AND EASY WAY?

Just select the kind of kitchenware you need to wash, the level of soil and the load.

Candy simply-Fi App will suggest the most appropriate cycle in order to get perfect washing results, in the smartest and easiest way possible.

GUIDED WASHING*

WOULD YOU LIKE TO INTERACT WITH YOUR DISHWASHER, JUST BY USING YOUR VOICE?

You can give vocal commands to your dishwasher via simply-Fi App. Ask to start the cycle or talk to the appliance via App to get suggestions or support in case of need. Moreover, you can activate you dishwasher while you are cooking, via digital butlers Google Home or Amazon Alexa.

TALKING CANDY*

*Only available on Wi-Fi models. Talking Candy is available in these following languages: IT/EN/ES/FR/DE/RU

DO YOU WANT TO MANAGE AND CHECK YOUR DISHWASHER REMOTELY?

Thanks to the Candy simply-Fi App, you can manage your dishwasher, even remotely. Activate or stop the washing cycle even if you are not at home. Check the status and be always updated on the time remaining to the end of the cycle.

REMOTE CONTROL*

DO YOU NEED MORE ADVICES?

Get a world of extra contents and special advices to get the best from your dishwasher.

TIPS&TRICKS

DO YOU WANT TO INCREASE THE ENDURING QUALITY OF YOUR DISHWASHER?

You can give longer life thanks to a System the check the health state of your appliance.

SMART CHECK-UP

SIMPLY-FI WASHER DRYER

YOU CAN'T UNLOAD THE WASHING MACHINE STRAIGHT AWAY?

It's no longer necessary to rush to take the laundry out of the washing machine. Once the cycle is complete, the App gives you the possibility to initiate a cycle of gentle movements to keep your laundry fresh, wherever you are, thanks to wi-fi connectivity.

REFRESH TOUCH

DO YOU WANT MORE FLEXIBILITY IN MANAGING YOUR WASHING TIME?

You can launch and modify washing programmes at any time. It's no longer necessary to be at home to keep on top of the laundry. The App keeps you constantly up to date with the remaining time on your cycle.

START DELAY AND TIME REMAINING

DO YOU WANT TO CHOOSE YOUR OWN WASH SETTINGS?

The App assists you in choosing the washing programme that's best suited to your needs (temperature, dirtiness level, spin, extra rinse, ...). What's more, the Quick Start function allows you to directly access the last programmes you used.

MENU À LA CARTE

DO YOU WANT TO GIVE YOUR WASHING MACHINE A LONGER LIFE?

This function allows you to keep the health status of your appliance always under control, and to receive practical advices to solve the problems by yourself.

SMART CHECK-UP

SMART PEOPLE, SMART LIFE

INDEX

Candy presents **New Timeless**, the range designed to perfectly fit in your kitchen. Modern and versatile design with superior materials and ergonomic shapes: so your appliances are more practical, sturdier and more durable. Everything thought to make your life easier and add a **distinctive touch of quality**.

TIMELESS

Candy is always committed to making the kitchen a friendly place where **creativity, technology** and **design** come together to create positive emotions.
The Timeless collection provides the different options available to complete any kitchen style. The extensive range is available in different colors

OVENS

Smart cooking for tasty results

COOKING PLEASURE MADE EASY

Candy's range of ovens offers **smartness mixed with typically italian design and attention to aesthetical details**. The busy modern life guides people towards ovens that are **easy and quick to use**: Candy has equipped its models with a wide range of cooking functions that work to simplify the user experience, for example the new **Smart Steam Connected oven** that combines the steam function with innovative connectivity features. Enjoy the cooking solutions, fitting with any kind of style, thanks to the stand-alone design statement.

simply Fi®

SIMPLIFY YOUR COOKING USING YOUR VOICE

Candy upgraded its Connected Ovens range, the ovens collection equipped with **connectivity functions** and vocal **management VIA APP** or **digital butlers Google Home** or **Amazon Alexa**. Connection-enabled procedures are fast and will leave you **more time** to do anything else, anywhere else.

SMART|Fi

JUST ASK
amazon alexa

works with the
Google Assistant

CANDY CONNECTED OVENS

Candy offers you a wide range of connected ovens: from the simpler model with basic user interface with two knobs to the innovative **smart steam** connected oven, equipped with **steam function** and **unique connectivity features**. completely full touch. Simply-Fi allows you to control and pre-heat your oven remotely: connection-enabled procedures are faster and will leave you more time to do anything else, anywhere else.

You can also choose from a **wide list of recipes:** different courses, tastes, timings and levels of complexity. You will have **a virtual assistant at your disposal** to prepare delicious dishes for your family and guests, without having to steal time from other household chores.

Finally, access to **new and helpful features**, for example, the oven will let you know when you should clean it or it will signal you if something is going wrong and give you the possibility to directly contact the customer service.

LAST MINUTE DINNER? ASK YOUR OVEN

Your friends are coming over for a last-minute dinner and you don't know what to cook? You can choose among **200 automatic recipes** created by expert Italian chefs.
Select your recipe and then follow the instructions on the simply-Fi App to prepare your dinner the easiest way.

+200
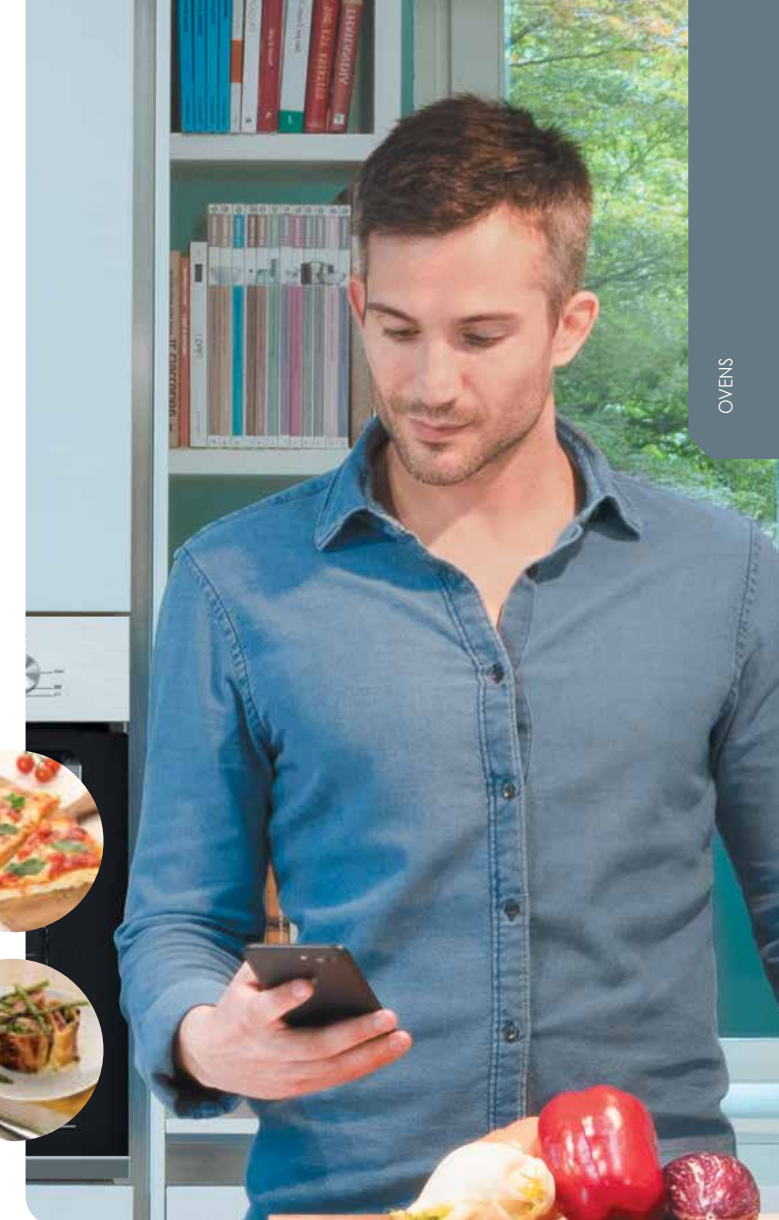

Choose the recipe you wish on the basis of your specific needs.
You can select different and tasty recipes according to:

• *Meal types*
• *Ingredients*
• *Geography*
• *Eating habits*
• *Seasons*
• *Smart & simple recipes*

There are 3 different ways to choose them:

• Ask your phone vocally
• Digit the recipe you want to find in the search field
• Tap the different tags and create your own combination

At the end, you will have the chosen recipe, the right portions you required (2-4-8 people), its correct timing, function and temperature together with a picture of the final result.
Once you have chosen the desired recipe, you just have to start cooking! The Candy simply-Fi app will help you step by step through the whole process for perfect cooking results.

Starter in rustic bread, tomino cheese with speck sticks from Alto Adige
Cheeses

Scallop marinated in coffee with diced pumpkin
Fish

The simply-Fi App is featured with new and useful functions besides a wide list of recipes:

- **CLEANING CLAIM:** a service that informs you when it is the right time to clean the oven.

- **TIPS&TRICKS:** get a world of extra contents and special advice to get the best from your oven

- **ONLINE HELP:** thanks to this service you will be directly put in touch with the customer assistance.

KNEADING THE DOUGH? TALK TO YOUR OVEN

You are busy preparing pizza but you're not sure about the recipe?

You can talk to your oven by simply using your voice. Activate the microphone and ask the App: you will get all the right info about the necessary cooking steps.
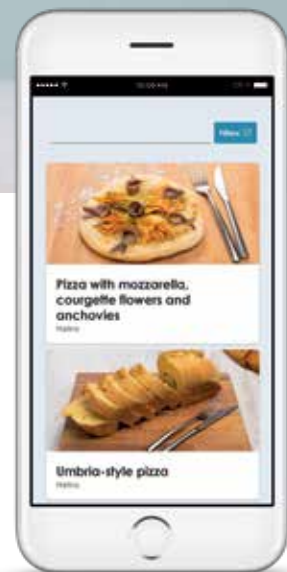

LATE FOR TRAFFIC?
START YOUR OVEN

Running late for dinner? You can now pre-heat your Candy connected oven remotely through the simply-Fi app.

A TOUCH OF STEAM TO BAKE AT BEST

With the simple touch of one intuitive button, you can set the steam function and bake the best homemade bread. Plus, more than 50 dedicated steam recipes are always available via simply-Fi App.

1 Pour the water into the cavity.

2 Select the function.

3 Press the STEAM button, which turns the water in the cavity into steam.

You can select **up to 3 different STEAM functions**

SMART BAKING
Bakery food becomes softer inside and crunchy outside.

SOFTNESS ENHANCED
Cook perfect puddings with no clumps thanks to a **gentle spread of hot air**.

BEST RESULTS
Roast meat thanks to the initial **steam formation** that helps to maintain all the juices inside allowing perfect caramelization at the end.

Create and save your personal digital library of recipes and cooking paths.

SUGGESTED COOKING PROGRAMMES
More than 70 cooking programmes that suggest the best combination to cook your dishes.

MANUAL MODE
Available for experts and for those who already know what they want.

CANDY OVEN UNIQUENESS

MAXIMUM CAPACITY EVEN IN STANDARD DIMENSIONS

Candy's ovens grant smart big capacity.
From 65 lt up to 75 lt for the standard cavity.

PYROLYTIC CLEANING

This new Aquactiva system, with **steam action**, allows grease **deposits in the oven to be easily removed**. Just pour 300 ml of distilled water on the oven floor and heat it for 30 minutes at 90°. Once the oven has cooled down, you can wipe away any remains with a wet cloth.

AQUACTIVA FUNCTION

These internal panels, coated in **special microporous enamel**, prevent deposits of evaporated fats being left behind and instead transform them into gaseous products which are easy to remove.

CATALYTIC PANELS

ADDITIONAL
Keep everything under control

Thanks to the **intuitive Touch Control function**, you are provided with **cooking information in real-time**.
You can easily set the duration, the beginning and end times of cooking.

TOUCH CONTROL

We all know how important it is to reduce energy consumption.
A large number of of Candy ovens are in A + energy class.

ENERGY CLASS A+

SAFETY
Get a safe cooking experience

The tangential ventilator **allows hot air to exit the oven easily** and ensures that the oven door remains at a stable temperature. Cold air enters from gaps below and creates an upward air current to keep air constantly flowing out of the oven.

VENTILATION SYSTEM
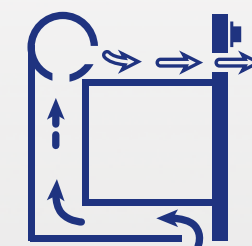

GENERAL FUNCTIONS

All the options you need to simplify your day

Ventilation is controlled by the rear round heater and the oven internal fan. Hot air is distributed among the trays of the oven. This is ideal for **cooking different types of food at the same time** (without mixing tastes and aromas).

MULTI-LEVEL COOKING

UNIQUENESS

Do you want to cook healthier meals fast and easily? Thanks to the **Easy Steam** function you can reduce the amount of fat and oil required by adding a touch of steam to your favourite dishes. Simply pour water into the dedicated cavity to turn it into steam and cook lighter meals without giving up on taste.

EASY STEAM

The use of the lower heater only, mainly in static ovens, lets you **dry lower part of the food and boost the leavening**. You can also use the ventilated feature to cook delicate food like sweets, cream puffs, cakes, soufflés, biscuits and pastry.

BOTTOM HEATING

This feature activates the infrared grill heater. It is particularly suitable for cooking medium thickness or thin meat (sausages or ribs). Using ventilated option, the air is sucked in by the fan that **directs it to different foods** at the **desired temperature** ranging from 50°C to 200°C. The ventilated grill offers an **excellent alternative to the rotisserie** and ensures **extraordinary results** with poultry, sausages and red meat, even when cooking large quantities. You can also combine rotisserie and grill to obtain **perfectly browned and crispy food**.

GRILL

Convection is controlled by the **upper and lower heaters** of the oven. This traditional baking method is ideal for food which need to preserve a certain amount of humidity, as roasts and fish.

CONVECTION

The upper and lower heating elements operate with the assistance of a fan inside the oven. The **use of the fan ensures heat distribution** to the whole food surface area and is particularly suitable for pizza, italian focaccia, bread, etc.

FAN ASSISTED COOKING

The enveloping heat of this feature creates the **same cooking conditions as** that found in the **wood burning** ovens that are traditionally used for cooking pizzas.

HOBS

Smartness at the center
of your kitchen
FEEL THE POWER

Candy has designed **a wide range of solutions** from gas on metal hobs, equipped with both high power burners but also lower power ones for a softer cooking, up to the latest versions of gas on glass hobs, induction or vitroceramic. These latter are provided with power management for an extreme **flexibility** and new **coloured serigraphy**, **good-looking** and **intuitive**.

GAS HOBS

PLUS
Our best solutions at your disposal

Candy's Gas Hobs present a **renewed style** perfectly aligned with ovens. Ergonomic knobs and modern grids with a new finishing give a fresh look to the range while minimal and powerful burners guarantee ease of use and perfect results.

COMPLETELY NEW DESIGNED GAS ON METAL RANGE

For people who love modern designs, the gas on glass hob provides a **touch of elegance** combined with **great durability** and a **high level of performance**.

Tempered glass offers a unique resistance to scratches and abrasions making this product incredibly durable over time, while minimalist pan supports mean **easiness of cleaning**.

GAS ON GLASS COLLECTION

Cast iron is the proper material to have in a professional kitchen due to its unique characteristics. It guarantees **better heat transmission**, **it's resistant to high temperature** and is long lasting. Available also with shining wire.

CAST IRON

The new **double crown burner**, with its power level up to 4 kw, it's perfect for a rapid and intense cooking.

DOUBLE CROWN BURNER

The twin cast iron pan supports allow better heath distribution and cookware stability. Easy to remove, they can be safely washed in the dishwasher.

TWIN CAST IRON PAN SUPPORTS

Light up the flame in complete safety with a simple gesture. Just press and turn the knob to start cooking your favourite dishes.

AUTO IGNITION

Choose among three different new configurations (diamond, big front, 3 burners) on 60 cm models and one on the 75 cm (4+1 with special burner on the left) one according to your habits.

NEW CONFIGURATIONS

The hobs will automatically turn off the gas supply if the flame goes accidentally out.

FLAME SECURITY SYSTEM

A BIT OF COLOR AND FUNCTIONAL DESIGN

Special zones on the user interface are associated with **Candy-blue coloured serigraphies**, to be easily recognized.

VERSATILITY, EFFICIENCY AND ADAPTABLE ENERGY EFFICIENCY

With the new Candy range of induction hobs, you can speed up the cooking time in order to **gain up to 60% of time saving***.

Thanks to the Power Management, you can set the **power limit** during installation guaranteeing a **high cooking performance**. You can decide a limit of power variable **from 2.5 to 7.2 Kw**, even though you are using all the zones at the same time.

POWER MANAGEMENT

*compared to traditional gas hobs

USER- FRIENDLY SPECIAL SOLUTIONS

An intuitive interface to manage every kind of need.

Set the **maximum power level** on the selected zone in the **fastest way**.

BOOSTER

Ensured **children safety**, blocking any accidental activations.

CHILD LOCK

*depending on model

HOBS

VITROCERAMIC HOBS

A brand new range with completely refreshed design, new flexible zones, new user interfaces in which special zones are highlighted by different colours. Last but not least they are provided with **power management**, a function that allows you to automatic limit the power of the hob and avoid overloading.

FEATURES

HIGH FLEXIBILITY

Multiply your cooking options, choose between our many flexible solutions: double zone, triple zone, extensible zone, twin power.

EASY TO USE

Allow the hob power to be managed by selecting each cooking zone power level individually, giving you the possibility to check all your settings.

INDEPENDENT CONTROL

Control all the cooking zones with a single touch on the central + and – buttons.

CENTRAL CONTROL

ADAPTABLE ENERGY EFFICIENCY

Candy sets new standards in energy saving: the power limit is set during installation guaranteeing a high cooking performance. You can decide a limit of power between 2.5 and 6.6 kw, even though you are using all the burners at the same time.

POWER MANAGEMENT

FUNCTIONS

USER- FRIENDLY SPECIAL SOLUTIONS

An intuitive interface to manage every kind of need.

Pause the cooking zone and then continue what you started without having to select settings again.

PAUSE FUNCTION

Ensured **children safety**.

HOODS

Functional solutions
for your kitchen

Intuitive and useful solutions that simplify your day
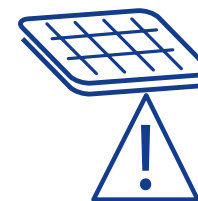

A **special alarm** warns you when it is time to clean the anti-grease filter or substitute the anti-odour filter.

FILTER SATURATION ALARM

As hoods are becoming design objects they need a **special and modern touch control panel** in order to be in line with the latest trends.

TOUCH CONTROL
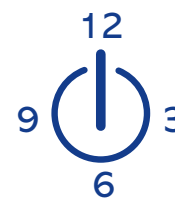

The timer control let you set the hood to **switch itself off automatically**, ensuring to clean the air even without staying at home, allowing a greater personal freedom and peace of mind.

DELAYED SWITCH OFF
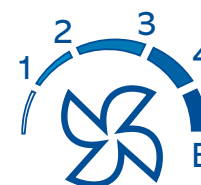

Candy hoods have different levels of speed providing any time the correct power to clean the air. **Up to 4 levels and even with booster**, that is ideal while frying or having barbecue.

SPECIAL SPEED

A FRESH AIR OF DESIGN

Candy knows how much a hood can impact on the whole kitchen look and that's why it has invested in solutions that combine **high performance with style and design**, in order to offer **a state-of-the-art appliance** that can make your kitchen even more comfortable.
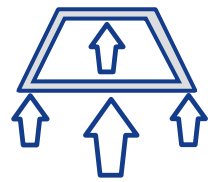

The peripheral filter provides **effective air cleaning**: fumes and vapours are ducted along the edge of the hood which slows them down for better filtering. This system also **makes the hoods more elegant** because as the filters are hidden from view, the hoods themselves can blend in better with their surroundings.

PERIMETRAL EXTRACTION
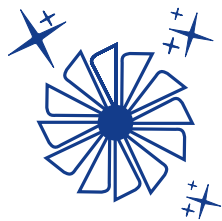

To ensure that air is constantly recycled without any noise, a new function has been created. Clean Air is an intelligent mode that allows to **set the hood in motion at the lowest speed for 10 minutes every hour**.

CLEAN AIR
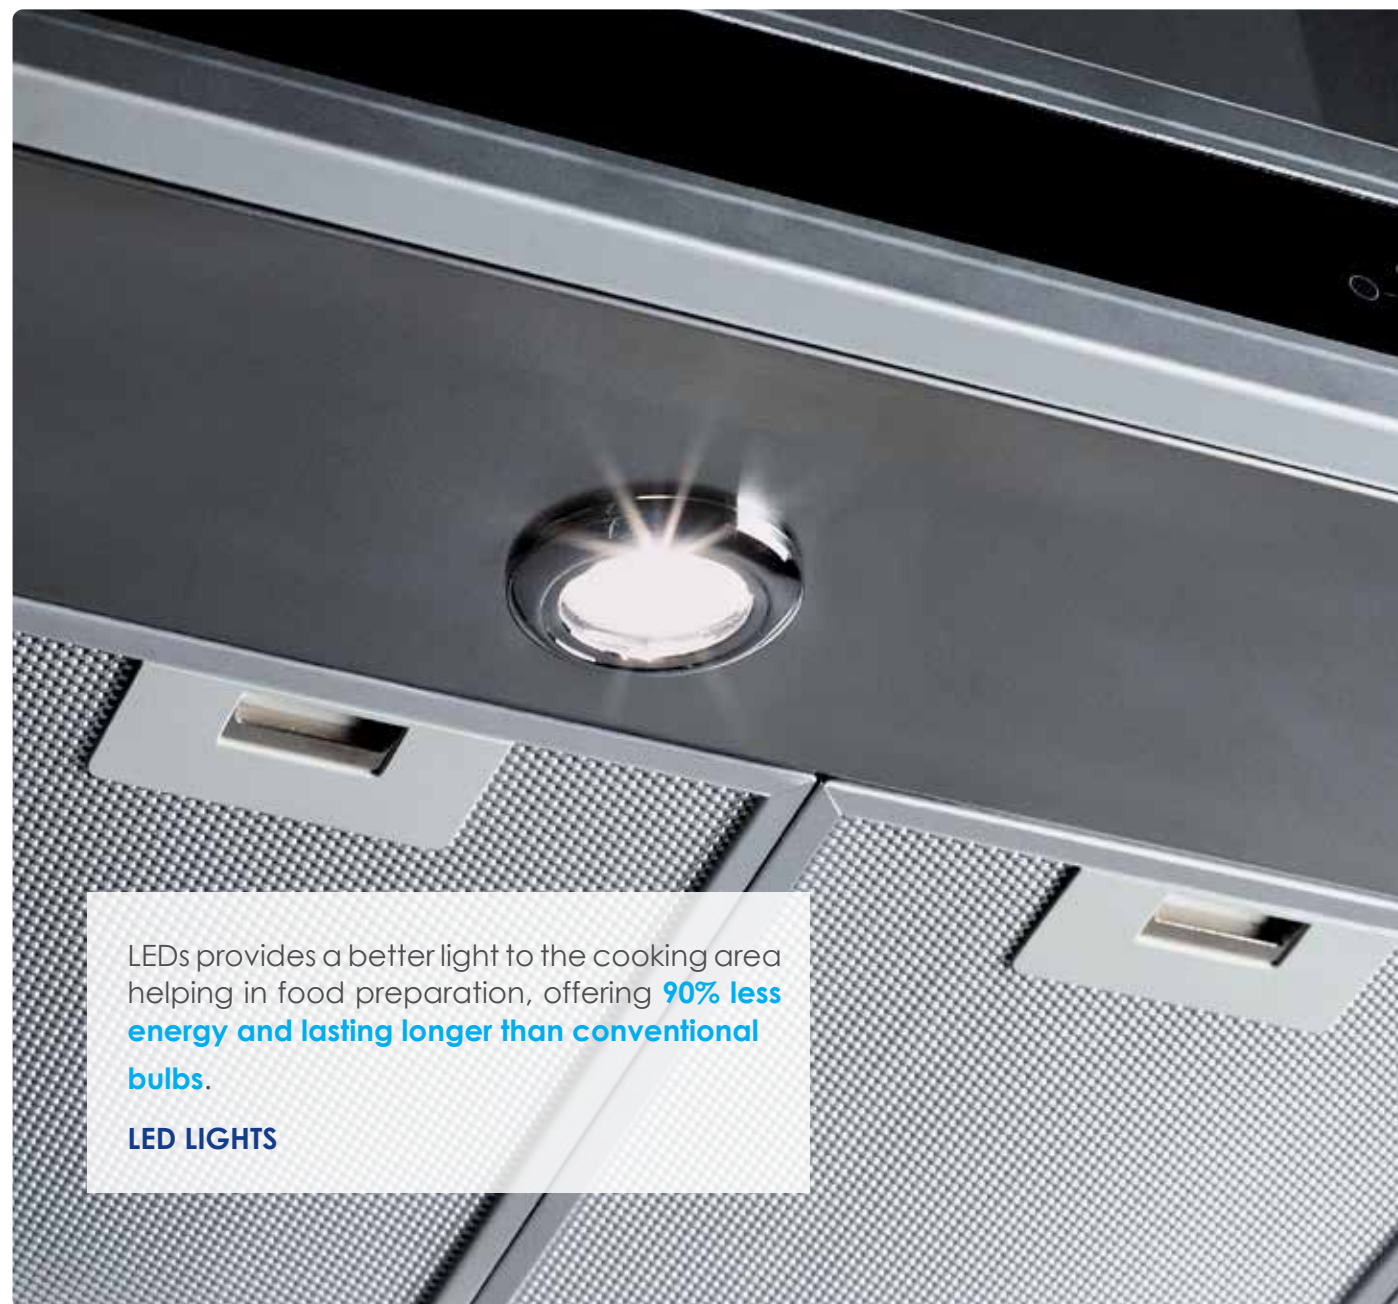

LEDs provides a better light to the cooking area helping in food preparation, offering **90% less energy and lasting longer than conventional bulbs**.

REFRIGERATORS

Smart cooling solutions

IDEAL ELECTRONIC TEMPERATURE CONTROL IN A SMART ENVIRONMENT

Today, people are busier and busier and, as a result, food sits in their fridges for longer. This is why Candy created a comfortable and smart range of appliances to keep food fresh for longer. Candy offers you products with **best materials and finishing, great ergonomics and usability**. In addition, you can remotely **control it** thanks to simply-Fi App. Turn your home into the best place to live.

BEST FOOD AND BEVERAGE PRESERVATION VIA APP

The **simply-Fi** Connectivity System allows you to control your fridge via App.

With the **Shopping List** function you can **check and manage** your food list **whenever you want**.

SMART **TOUCH**

The freezer compartment, with the same line of fridge area, ensures the **maximum performance and reliability**. Sturdy transparent freezer drawers guarantee **perfect cooling conditions**.

FREEZER COMPARTMENT

NO FROST

The advanced sensor system is intelligent and adaptive and **automatically defrosts according to temperature, humidity index, and product usage**: preventing ice formation in the freezer and frost in the refrigerator.

NO FROST TECHNOLOGY

A+ ENERGY

Choose the Candy class A++ or A+ refrigerator to minimize energy consumption: **up to 40% or 20% less energy** than an equivalent model in A class! Care for the environment, great savings and maximum economy. Both on static and No Frost product.

ENERGY CLASS

FEATURES

TECHNOLOGY

Easy and improved food management
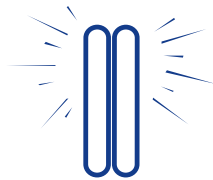

All Candy bottom freezers are equipped with **electronic control, easy to use from the top Sky LED light**. With a simple finger touch, it's possible to switch on/off the refrigerator; while pushing "select" button, it's possible to select the cooling intensity from 1 (less cold) to 4 (coldest). **In this way the appliance is more intuitive, ergonomic and technologic.**

NEW LED LIGHT WITH ELECTRONIC CONTROL
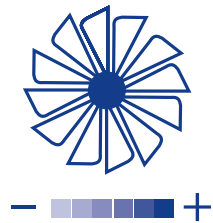

The Air fan ventilation system guarantees **an optimal and temperature distribution** within the refrigerator and its new design perfectly fits with New SKY LED.

VENTILATION SYSTEM

EQUIPMENT
Organize your food at best with our smart equipment

The metal bottle rack is the ideal combination between **design and versatility** and can store up to 4 different bottles.

METAL BOTTLE RACK

The internal glass shelves are **spill resistant and easy to clean**.

GLASS SHELVES

Now it's possible to store cosmetic items, everything useful for daily beauty care thanks to the **new beauty compartment**, made by two small drawers positioned under the central door shelf.

NEW DOOR SHELVES WITH BEAUTY SUITE

The new fruit and vegetable drawer is **bigger and ergonomic** thanks to the new handle and **improved internal capacity** the presence of integrated telescopic rails in bottom freezers makes the crisper's opening easier, smoother and silent.

CRISPER WITH TELESCOPIC RAILS

The fresh zone, equipped by telescopic rails, allows to **preserve fresh food** at the best temperature such as meat fish and cheese.

DISHWASHERS

Everyday life made faster

A CLEVER COMBINATION OF PERFORMANCE AND SPACE

Time is precious and Candy knows it well. Candy dishwashers are a great fit for every busy lifestyle.
With the new smart functions like **Zoom** and Talking Candy* you can wash and dry your dishes in just **39 minutes** and interact with your dishwasher by using your voice. This allows you to save time for the things you care the most.

*Only available on Wi-Fi models. Talking Candy is available in these following languages: IT/EN/ES/FR/DE/RU

SIMPLY Fi®

CANDY BRAVA INTUITIVE DISHWASHING HAS A NEW MODEL

Candy presents Brava, the smartest and easiest to use dishwasher yet designed to simplify your life. You can stay connected at all times and quickly access extra content and features. You can interact with your appliance with your voice* through your smartphone. Find out all the ways that Brava can help you. **ALWAYS CONNECTED VIA WI-FI**

TOTAL CONTROL, EVEN BY USING YOUR VOICE, WHEREVER YOU ARE

Talking Candy* is just one of the many options made possible by simply-Fi, in order to:

- Start customised programs and handle washing cycles
- Get washing tips on how to treat odours and stains
- Get support about maintenance and functions explanations

It is the exclusive connectivity system that allows you to improve your user experience simply by using your voice via App.

UNLIMITED POSSIBILITIES

Start and stop the wash cycle, check its status and activate the function that keeps your dishes fresh for a long time after the end of the wash.

REMOTE CONTROL*

Access many additional programs and combine them with all the available options to meet any possible washing need;

ADDITIONAL PROGRAMS

Monitor energy usage and access useful tips that will help you minimize your consumption;

ENERGY REDUCTION MANAGER

Receive alerts about when to clean the filter or run the drum cleaning cycle, also based on your water hardness.

AUTO-MAINTENANCE

*Only available on Wi-Fi models. Talking Candy is available in these following languages: IT/EN/ES/FR/DE/RU

SMART SOLUTIONS

ZOOM

Two out of three most used program are rapid. Wash and dry your kitchenware perfectly in just 39 minutes with the fastest A-Class cycle on the market. This is possible thanks to the High-Pressure System, an exclusive technology that concentrates maximum washing power in the shortest period of time.

SAVE TIME

NEW TEXT DISPLAY

The new intuitive display makes it easier: with more than 20 different languages, the interface can communicate with you through texts in your language.

BRAVA SPEAKS YOUR LANGUAGE

ADD DISH

Already started the cycle but forgot to put something in? No problem. The new Candy Brava is equipped with the Add-Dish function that allows you to add dishes even when the cycle has already begun up to 30 minutes after start. A LED light will signal you if you are still in time to add more dishes without compromising the effectiveness of the wash.

OPTIMIZE YOUR WASH CYCLE

SMART CHECK-UP

You are able to check that everything is working perfectly all the time: Smart Check-Up is a system that controls the health status of your appliance and gives you practical advice so you can solve problems by yourself. Launch an extensive and detailed check-up on the components and working status of your dishwasher. In the event of malfunction, the App will help you troubleshoot step by step.

LONGER LIFE FOR YOUR DISHWASHER

DISHWASHERS

GENERAL FEATURES

Smart solutions to enjoy your meals with family or friends

16 PLACE SETTINGS AND SMART BASKETS

Up 16 place settings in two or three smart baskets even in standard dimensions: **unique to Candy, creating the most spacious dishwasher available on the market**. Up to 201 items of tableware (more than 40% additional capacity when compared to a traditional dishwasher) can be loaded and washed in just one cycle.

The **ZOOM BASKET** has blue supports that are specifically designed to best position your dishes in terms of stability and distance from each other in order to fully leverage the power of Zoom Cycle. The **UPPER BASKET** increase by 10% the space for glasses, cups, long cutlery, side plates and medium-sized containers; furthermore, the height can be adjusted even when fully loaded.

New coloured interiors and new design of the handle: curved and embossed to guarantee you usability and the best comfort in loading and unloading.

EASE OF USE

RELIABILITY
The safest, accident-free washing for all your dishes.

Candy's patented triple self-cleaning stainless steel filter has an internal micro-filter providing constantly **clean water in all washing phases**.
Get maximum washing performance and longer efficiency. Moreover, the antibacterial function guarantees a higher standard hygiene, with a **reduction of almost 100% on the vital bacteria** after 24 hours from injection*.

AUTO-CLEANING ANTIBACTERIAL FILTER

*Tested by Politecnico di Milano

All Candy dishwashers have an **anti-overflow safety device**, as standard. If water exceeds normal levels due to any malfunction, it automatically blocks the water flow from entering and/or drains excess quantities of water. Candy offers three additional system to reinforce water safety: **Total Water Block, AquaStop and Aqua Protect**.

OVERFLOW PROTECTION SYSTEMS
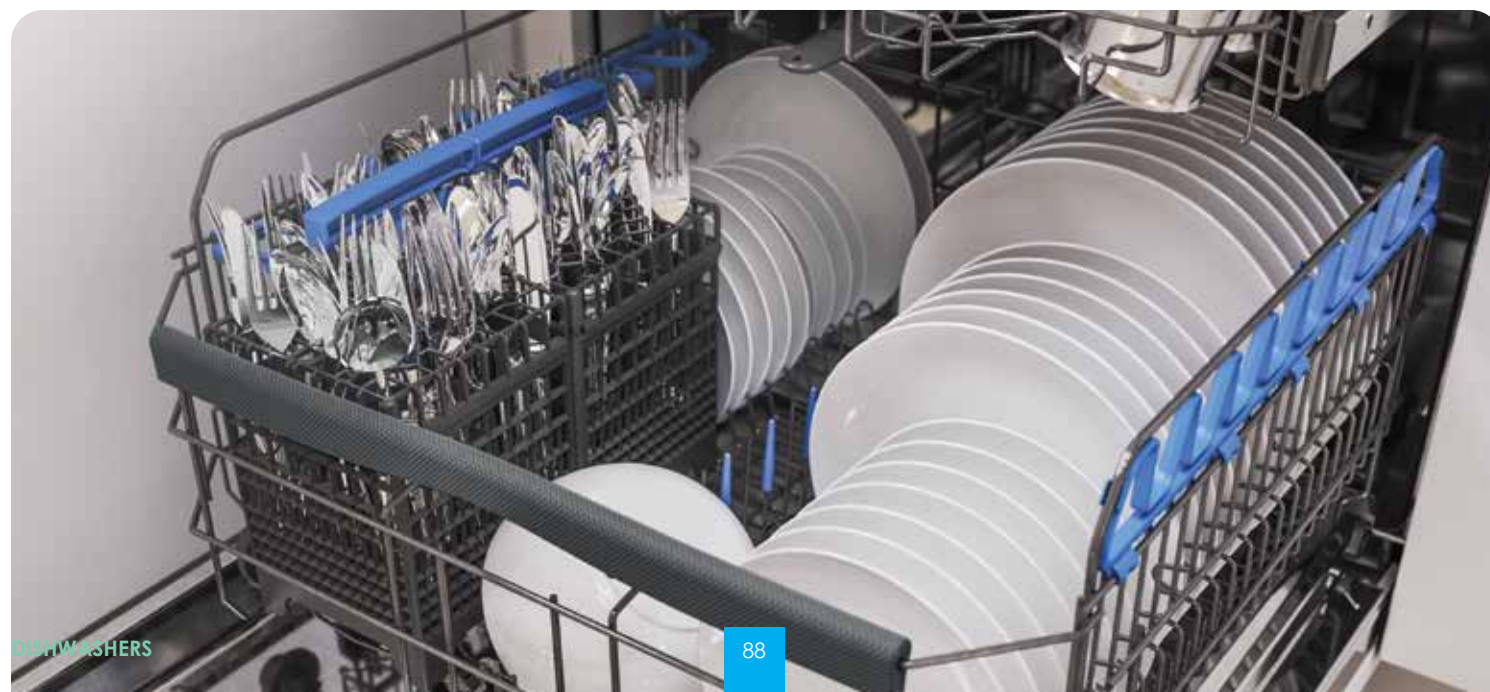

PROGRAMS
Find out how to optimize your washing

RAPID PROGRAMS

NEW

zOOM

Two out of three most used program are rapid. **Wash and dry** your kitchenware perfectly in **just 39 minutes** with the fastest A-Class cycle on the market. This is possible thanks to the High-Pressure System, an exclusive technology that concentrates maximum washing power in the shortest period of time.

The **best combination of time and performance** for washing lightly soiled dishes in **only 24 minutes** at 50c°.

RAPID 24'

A "super" program adapted to wash in a **short time extremely dirty pans**.

STRONG & FAST

Ideal for a daily wash, excellent in its **soil removing performance**, using hot water up to 60°C.

UNIVERSAL

It guarantees **excellent wash performance on heavily soiled pans**, thanks to two final rinses at the end of the cycle.

UNIVERSAL PLUS

The best performing cycle in terms of energy and water consumption, conceived to **save water and money** delivering **perfect washing and drying results.**

DISHWASHERS

WASHING MACHINES

Laundry rapid as never before

MORE FLEXIBILITY FOR ALL YOUR NEEDS

Larger loading capacity, new touch interfaces and bigger and higher door hole.
This is what people ask from an integrated washing machine.
Candy knows it and has developed the right models to satisfy even the most demanding needs.

simply Fi ®

ALWAYS KNOW WHEN YOUR LAUNDRY WILL BE READY, WHEREVER YOU ARE

Thanks to the simply-Fi App, you can launch and modify washing programmes wherever you are. The App keeps you constantly up to date with how much time is left on your cycle.

FEATURES

Smart solutions to free your time

With Candy washing machines and washer dryers ranges you can **wash up to 8kg of clothing, and dry up to 5 kg.**

BIG CAPACITY IN STANDARD DIMENSIONS

Do you need your wash done quickly but thoroughly? Our modern lifestyles don't leave a lot of time for housework, which is why Candy washing machines allow you to choose between no fewer than **four cycles that are less than an hour long yet 100% effective**.

QUICK CYCLES 14/30/44/59 MINUTES

We all know how important it is to **reduce energy consumption**. Candy washing machines, are classified **AAA** for **energy efficiency**.

ENERGY EFFICIENCY RATING A

Our machines **minimise the amount of electricity used, reducing waste**. The sensitive weight sensors detect the size of the load and automatically adjust the amount of water and electricity used. With our machines, a half-load can require up to 40% less water, time and electricity!

KILO DETECTOR

With a delay start **the laundry will be ready just when you want it**. It allows you to programme the start of the washing cycle with a maximum delay of **24 hours**. **No more worries of unpleasant odours** created by wet laundry that has been left inside the machine. No more wasting of the energy consumption, setting the laundry when the electricity is more convenient.

WARMING DRAWER

	Type	Warming Drawer 14 cm
Product Info	Model	CPWD140/3X
	Product Code	CPWD140/3X
	EAN code	8016361934078
Aestethics	Colour	INOX
	Graphic on door	Candy logo
	Handle	push pull system
	Knob	full touch
	Anti-touch treatment	x
Design	Can be installed alone if required	Yes
	Can be installed with a compact 45 appliance	Yes
	Can be installed with a single oven	Yes
	Door opening mechanism	Push to Open
	Installation typology	Half-integrated
	Installation in tall housing unit	Yes
	Installation under work surface	Yes
Key Features	Operating control	Flush touch & LED display
	Safety switch-off	Sensor switches
	Heating type	Covection (Front to Back)
	Speed-Heating	13min to 80C
	Door mechanism	Soft-close
Loading Capacity	Maximum number of plates (26 cm)	12
	Maximum number of espresso cups	80
	Preheat dinnerware for people (EN 50242)	6
	Dinner plates Ø 26cm	6
	Soup plate Ø 23cm	6

WASHER DRYERS

Model	CBWDS8514TH5-19	CBWD 8514D-19
Product Code	31800320	31800325
EAN Code	8016361958975	8016361962354
Made in	China	China
Loading Type	Front	Front
Type	Washer dryer	Washer dryer
Washing capacity (kg)	8	8
Drying capacity (kg)	5	5
Built-in / Free standing	Built-In	Built-In
Maximum spin speed (rpm) - NEW (2010/30/EC)	1400	1400
Color of the body	White	White
Door Color	White	White
Door Handle Color	White	White
Current (A)	10A - 1600W	10A - 1600W
Product Drum material	Stainless Steel	Stainless Steel
Energy consumption (wash and dry of full wash load) (kWh)	5.44	5.11
Washing performance class - NEW (2010/30/EC)	A	A
Energy efficiency class - NEW (2010/30/EC) / ESMA	A / 5 Star	A / 5 Star
Spin drying performance class	A	A
Water /Energy consumption - ESMA	15444Ltrs / 1439 kWh - per year	15444Ltrs / 1439 kWh - per year
Noise level spinning Energy label classification EN 60704	75	77
WD - Noise level washing Energy label classification EN60704-3	48	56
Plug type	UK	UK
Electronics	Electronic Touch	Electronic Touch
Motor	Inverter	AC
Start delay options	Yes as Button (Up to 24 h.)	Yes as Button (Up to 24 h.)
Voltage (V)	220-240	220-240
Programs number	14+1	15
Special features	Wool	Wool
Rapid Programs	Yes	Yes
Connectivity	Wi-Fi + NFC	None
Gross weight (kg)	68	67
Net weight (kg)	66	65
Product Height (mm)	820	820
Product Width (mm)	596	596
Product Depth (mm)	570	570
Packing Height mm	875	875
Packing Width mm	650	650

Always alert to changing history, Candy now celebrates *70 years of impressive success* built on our philosophy and by listening to the people we love: you.

Thanks to our Italian roots, we combine *design skills with the creativity* that has always belonged to our culture and our domestic appliances never fail to satisfy expectations.

It was 1945 when the first all-Italian washing machine was produced: a Candy.

Since then, we've become an intrinsic part of family life by simplifying the way we carry out day-to-day domestic chores. Over time, **our range has broadened to include all kitchen appliances**: ovens, hobs, cooker hoods, fridges and dishwashers. Here at Candy, we're passionate about developing **unique, innovative products** and exploring untapped areas.
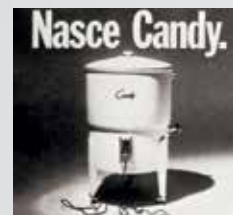

A story that never stops innovating.

Candy's adventure started in 1945 and, more than 70 years later, we are still adding new chapters. **We are looking forward to the future**, and you?

CANDY: 70 YEARS OF RECORDS

1945
The 1st Italian washing machine called "Modello 50".

Nasce Candy.

1978
• Candy is the first italian company to produce No-Frost refrigerators.
• The ZOOM system in washing machine makes it possible to shorten wash times considerably.

1986
The Candy Alisè is the first washer-dryer in Europe with an internal condenser.

2006
The GrandÓ washing machine has the largest door in the market.

From 2000 onwards
Candy is the first to introduce 8/9/10/11 kg washing machines, dryers up to 9/10 kg and top loaders up to 8 kg.

2012
The Maxi ovens have the largest cavity, in standard dimensions, on the market.

2014
Evospace Maxi Plate is the first dishwasher with capacity of up to 16 plates.

Watch & Touch is the game changer in your kitchen. The only connected oven with full touch total control screen door and integral HD video camera.

2017
Candy Bianca: intuitive washing has a new model.

2018
Candy Bell'Ó Smart Cooling has a new shape.

1945

To be continued...

1970
Brava is the first super-automatic dishwasher that can manage up to 8 place settings and reduced loads.

1989
Candy Holiday is the first 33 cm washing machine which is suited to standard bathroom furniture. Candy also launches the first washer-dryer with a depth of just 44 cm.

2010
Easycase revolutionises the condensation collection system in dryers.

2019
Candy RapidÓ Unique a set of 9 rapid programmes, the new Snap&Wash function and an innovative ergonomic design that guarantees maximum comfort, Candy RapidÓ is the easiest way to save time.

1980
• A dishwasher, cooking hob and oven in just one appliance the TRIO arrives on the market.
• Candy introduces the first 5-burner cooker in 60 cm.

2004
The Futura dishwashers are the first to wash 15 place settings.

2015
Simply-Fi is the first range of domestic appliances connected via Wi-Fi.

Candy Brava
Fastest wash and dry cycle in the market: 39 minutes.

1960
Candy Automatic 3 is the first washing machine with modern features like automatic operation with suspensions and a glass window.
