Thanks to the App, you can **find the status of your hob in real time**: which zones are On, which power level is set, check the remaining time for your preparation. You can also set the power limitation you want to give your hob directly from the App.

REAL TIME

WOULD YOU LIKE SOME HELP WHILE COOKING?

You can melt, simmer, boil, fry or keep your dishes warm just by **selecting the dedicated setting** directly on the simply-Fi App: the hob will regulate itself with using **perfect cooking parameters** with, so no need to worry about it.

DIRECT COOK

NEW EU ENERGY LABELS

As a result of the increase in the development of energy-efficient products and because of the unclear difference between A++ and A+++ for consumers, the **European Commission** has decided to gradually change the energy labels categories reintroducing the simpler **A to G scale**.

From 1st March 2021, a **new EU Energy Label** will be introduced for washing machines, dishwashers, refrigerators, chest freezer and winecooler.

KEY CHANGES

RESCALED ENERGY EFFICIENCY

The usual "Plus" classes, such as A +++, A ++ and A +, are replaced by a new energy consumption scale **from A to G**.

QR CODE

A **QR code** will redirect you to the **European Product Registry for Energy Labelling (EPREL)**, where you will find energy labels compliance information on your product. There, you will also be able to download product information sheet for your product and all other appliances with the new Energy Label.

NOISE RATING

You will also find the **noise-rating**. For example, in the case of washing machines or dishwashers, it will be shown the noise emissions during the spin cycle expressed in dB(A).

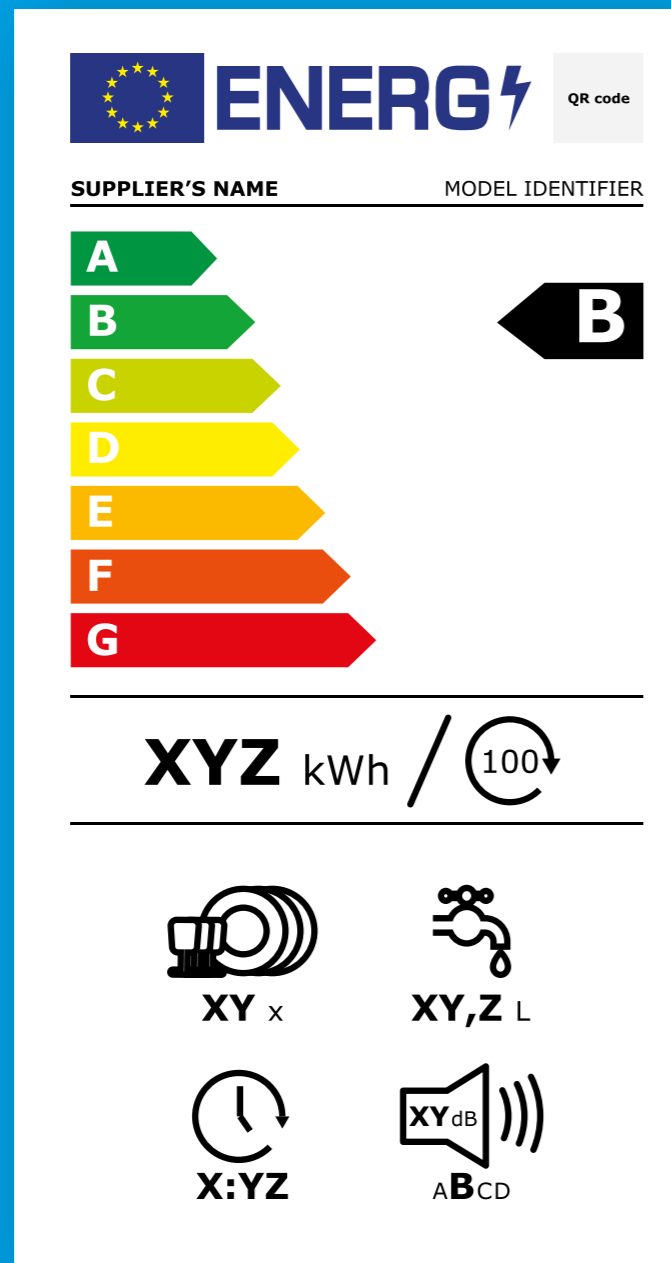

STORAGE VOLUMES

The new labels of freezers and refrigerators will show **the total volume** of their compartments.

DURATION OF ECO PROGRAMME

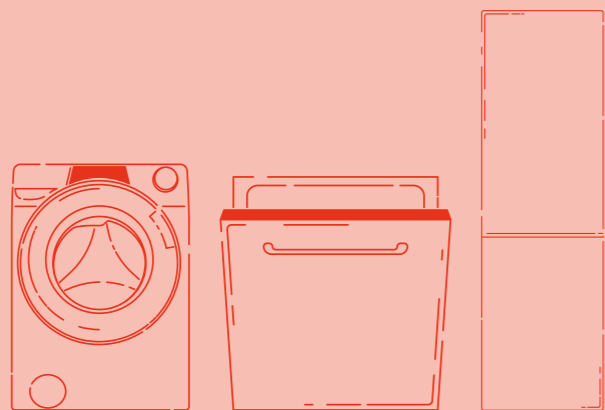

In the case of washing machines or dishwashers, will be shown the duration of the Eco Programme.

- 38L ELECTRIC MULTIFUNCTION
- 38L ELECTRIC STATIC

DISHWASHER

- 6 PLACE SETTINGS

44 CM SLIM

TURN A LACK OF SPACE INTO AN OPPORTUNITY

Short on space? Candy has the answer: a range of slim washing and drying solutions that can fit into the tiniest corners! We have created a series of appliances that can give you **more space while guaranteeing you great results and efficiency.**

FITS EVERYWHERE

EASY CASE

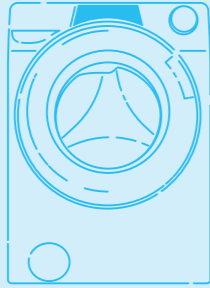

THE SMART WAY TO EMPTY AND REUSE WATER

Ergonomic shape, comfortable handle and a practical spout that facilitates water reuse: Candy dryers Easy Case allows you to empty **100% of the distilled water quickly** and conveniently.

- Easy to empty
- Safe to re-use water
- Comfortable to carry

NO WATER WASTE

WASHING MACHINES

FRONT AND TOP LOADER

MORE FLEXIBILITY TO SUIT ALL YOUR NEEDS

No more laundry worries with Candy!
With our washing machines your **clothes will come out perfectly clean, without wasting water, energy or time**. Enjoy the Italian design and the ergonomic, extra large doors. **With easy displays and touch controls**, the interfaces **are simple, intuitive and user-friendly**. Small spaces? Just choose the slim front-loader or top-loader versions and forget about limits!

DISCOVER THE SMARTEST WASHING EXPERIENCE

Download the simply-Fi App or the new hOn App, to keep connected with your washing machine and access a whole world of connectivity features to make your daily life easier. Launch washing cycles remotely** and be constantly updated on your machine status wherever you are.

* According to the model, the products are and will be available on hOn App or on simply-Fi App. Consult the manual to discover it.
** Only available on Wi-Fi models.

PRODUCT FEATURES

From now on, the new range of Candy washing machines allow to **reduce 80% of creases and save ironing time**, thanks to the "easy iron" function, which adjusts the spin cycle and the movement of the drum at the end of the cycle. **The gentle steam action relaxes garments halving creases. The items you love, will be ready in less time.**

EASY IRON

The Easy Iron function is now available also on some models of Candy Smart range

We all know how important it is to **reduce energy consumption**. Some Candy washing machines, with their cutting-edge inverter motor combined with Speed Wash System technology, they are able to achieve the highest energy efficiency class on the market.

ENERGY SAVING

The start-delay means your **laundry will be ready just when you want it**. You can programme the start of the washing cycle with a maximum delay of **24 hours**. No more worrying about unpleasant odours created by wet laundry that has been left inside the machine. No more wasting of the energy by setting the laundry to start when the electricity is more price-effective.

START DELAY

When it comes to wash cycles, one size doesn't fit all. Whatever your cleaning needs might be, your Candy machine can take care of them. Simply select the most appropriate from the three levels to make sure that **your clothes come out clean without wasting water or electricity**.

ADJUSTABLE CLEANING STRENGTH

Want to avoid having to set the same programme every time you run the machine? Our simply-Fi models allow you to **save your settings** with the Memory or My Favourite function.

MEMORY FUNCTION

Our machines **minimise the amount of electricity used, reducing waste**. The sensitive weight sensors detect the size of the load and automatically adjust the amount of water and electricity used. With our machines, a half-load can require up to 70% less water, time and electricity!

KILO DETECTOR

PROGRAMMES

The perfect cycle for you, every time.

The best combination of time and performance. Candy washing machines allow you to choose between no fewer than **four cycles that are less than one hour long** yet 100% effective.

RAPID 14', 30', 44', 59' MINUTES

A cycle that uses the Mix Power System+ function to **remove stubborn dirt from cotton garments at only 60°C**. For this cycle the machine should not be loaded to more than 2/3 of its capacity.

HYGIENE 60

Use the Candy simply-Fi App to discover a specific cycle for your little ones that **sterilises all your baby clothes** at only 60°C thanks to enzymes activated by the initial water jet. The rinse cycle eliminates all traces of detergent **helping to protect your baby's sensitive skin**.

BABY

A **special cycle for delicate garments**, with gentle pulsing movements of the drum that simulate a hand wash. (Garments must be marked machine-washable).

HAND WASH & SILK

A cycle for particularly delicate fabrics. It is punctuated with pauses, using a greater quantity of water to dissolve the detergent and prevent it from acting aggressively on the fabric

DELICATES

This programme can clean normally soiled cotton laundry, labelled washable at 40°C or 60°C, together in the same cycle.

ECO 40°-60° C

A series of slow, delicate movements to **keep your clothes fresh and uncreased** after the washing cycle has finished. Available on Smart Fi+ models, you can activate this function through **simply-Fi App**.

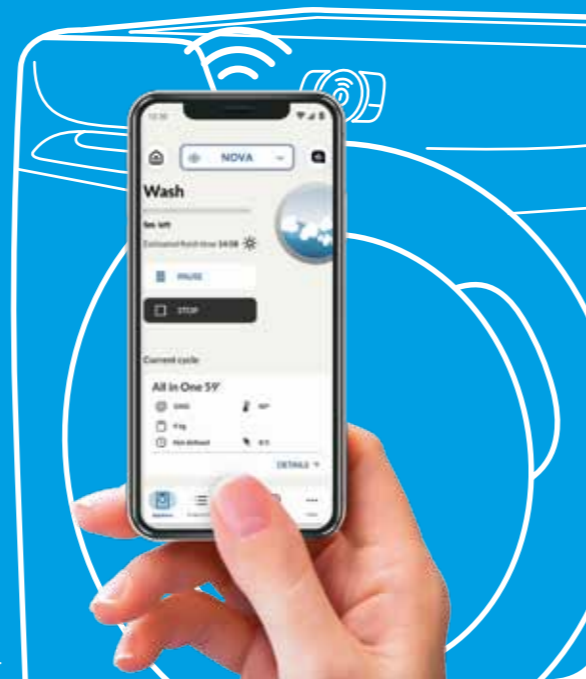

REFRESH TOUCH

YOUR CONNECTED EVERYDAY WASHING. JUST IN ONE BUTTON

Thanks to the **hOn App**, Candy Nova offers you a wide range of smart features that simplify your laundry routine. By clicking the **Remote button**, you will be able to **fully manage your washer directly from your smartphone**, get **more than 60 washing programs**, many washing tips and find the best program for your laundry, thanks to the **Snap&Wash feature**.

* According to the year of production, some products will be available on the hOn App during 2021. All products enrolled on the simply-Fi app remain compatible only with it.

LOADING CAPACITY

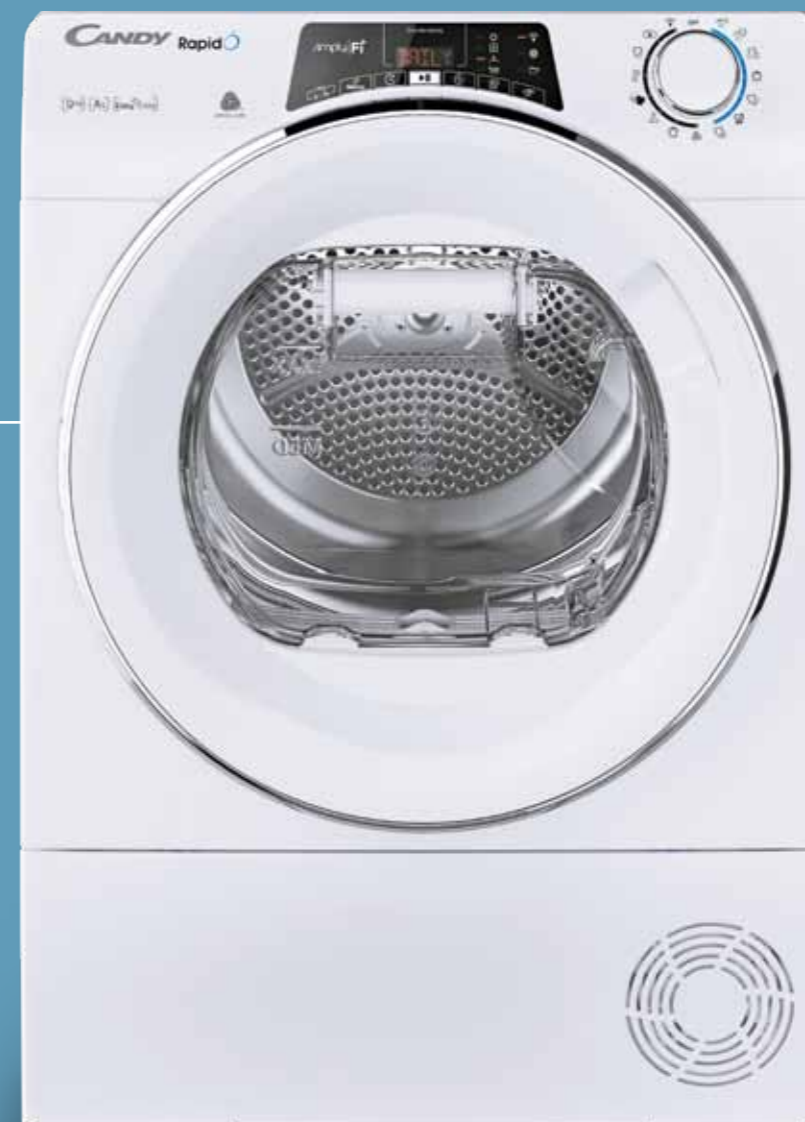

DRYERS

THE PERFECT COMBINATION OF DRYING PERFORMANCE AND SIMPLICITY OF USE

Easy to use and perfect results: the new Candy dryers range adapts to your needs and leaves you more time to spend with those you love.

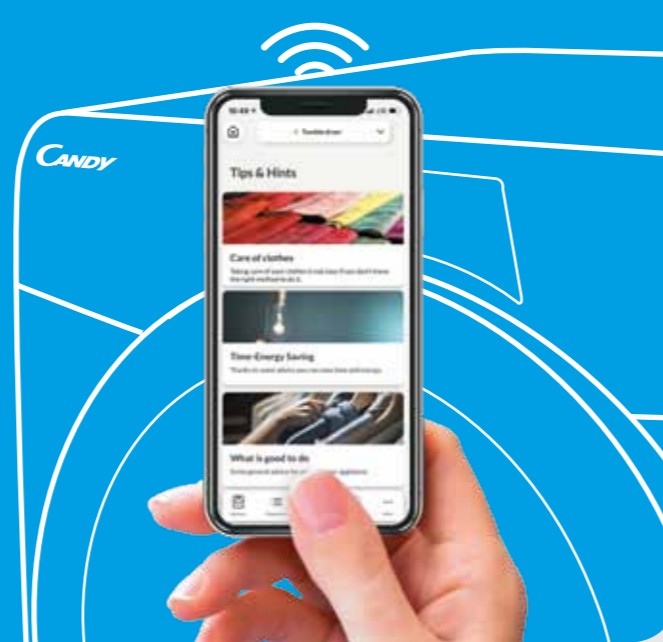

EASY, SMART, DRY

Thanks to the **hOn App**, you will enjoy a whole range equipped with unique connectivity features: remote control**, smart troubleshooting for easy maintenance, additional programmes, tips and much more!

* According to the model, the products are and will be available on hOn App or on Simply-Fi App. Consult the manual to discover it.
** Remote control is only available on Wi-Fi models.

PRODUCT FEATURES

Get the best possible result with minimal waste.

Dry your daily load in less **than 2 hours**. Thanks to the **Super Fast technology** and the **Hybrid Heating System** you can save more than 30% of the time, while maximizing energy efficiency.

SUPER FAST TECHNOLOGY

The **Heat Pump System ensures very low energy consumption** and enables you to run the dryer and other appliances simultaneously. The energy used is only 0,7kw/h, just 1/3 of a traditional condenser dryer.

MINIMUM CONSUMPTION TO USING APPLIANCES TOGETHER

You don't have to choose between saving time or get perfect laundry results anymore. **Candy dryers** are the only ones on the market with a **complete set of 7 rapid programmes**.

7 RAPID PROGRAMMES

Your Tumble Dryer maintenance has never been so smart. Thanks to the **new Double Filter solution**, you will find both the filters inside the door for **easy removal and cleaning**.

DOUBLE FILTER

Candy Dryers guarantee **maximum efficiency**, reducing energy consumption by **up to 75%**.

INVERTER HEAT PUMP SYSTEM

Save water, energy and money with the Kilo Detector. The special **weight and drying sensors** set the water and energy consumption according to the load type and weight.

KILO DETECTOR

Thanks to the special movement of the drum and its accurate temperature control, the Candy dryers **take care of your wool and delicate fabrics without any risk** of pilling or shrinking.

WOOLMARK APPROVED

EASYCASE

Thanks to the **unique ergonomic shape of the tank** positioned in the porthole, the new handle and a practical spout, it's extremely easy and comfortable to empty 100% of the drying water. A smart system that allows you also to reuse the water for example for ironing or watering plants.

CONNECTIVITY FEATURES

Manage your dryer from your phone, even when you are not home. Thanks to the hOn app you can simply check your laundry status, access the last drying programs, and have full remote control by just using your smartphone.

REMOTE CONTROL

Open your hOn app and access a list of more than 20 drying programmes to match each of your laundry needs.

+20 ADDITIONAL PROGRAMMES

Check the maintenance status of your appliance and prevent from malfunctions thanks to the maintenance notifications and instant support.

MAINTENANCE NOTIFICATIONS

Access a world of dedicated contents and get personalized suggestions in order to optimize your laundry results.

COOKERS WITH OVEN

THE BEST SOLUTION FOR YOUR COOKING NEEDS

The Candy cookers with oven are a great match of design and functionality. From the choice of materials to the practical knobs, every detail has been designed to ensure ease of use and durability.

TRIO

Top quality and elegant design for kitchens of all kinds

In some models, **lighting the burners can be done with the knob**. When you turn the knob you just have to press down slightly, and with this will light the flame.

KNOBS WHICH LIGHT BURNERS

With its 38 liter capacity, the oven guarantees maximum cooking flexibility. The new door is partially made of glass, ensuring complete visibility and greater ease in cleaning, using just one hand as well.

FULL GLASS DOOR & WIDE CAPACITY

The new oven door is partially made of glass. This ensures **complete visibility** and greater **ease in cleaning** using just one hand as well.

FULL GLASS DOOR

The new handle has a squared and modern design and is made entirely from metal, to ensure it is as **robust, long-lasting** and **elegant** as possible.

METAL HANDLE

TECHNOLOGY

Safety and convenience first and foremost

Sicurflame

Sicurflame is Candy's maximum safety system, for when you are using the hob. Safety keeps the hob's burners under constant control. If the flame accidentally goes out, then the Sicurflame system immediately cuts off the flow of gas.

GAS SAFETY EVEN ON THE HOB

Candy is truly committed to protecting the environment in which we live. To keep this promise, we have designed our electric ovens to achieve Class A classification, guaranteeing **top performance with reduced energy consumption**, in full **respect of the environment**.

A CLASS

With the multifunction oven, you can customise your cooking with total freedom. The different functions allow you to use your oven in various ways: cooking from below, from above, from both directions, with the fan, or with the grill. Therefore, whether you are cooking meat, fish, desserts, pizza or anything else, your **food** can be **cooked just the way you want**. The special enamel that coats the oven's internal walls and the door is **highly resistant** and **impregnable to dirt**. Furthermore, the internal surface has a very smooth finish, with a very low level of porosity. This means that you can clean your oven with just a sponge and some washing up liquid diluted with water.

MULTIFUNCTION

MICROWAVES

A NEW CHEF ASSISTANT IN YOUR KITCHEN

Fast results and optimal performance: discover the whole range of Candy microwaves that perfectly combine aesthetics and functionality.

THERE'S A WORLD IN YOUR MICROWAVE

The Candy microwaves will be the **best assistants in your kitchen**. Thanks to the simply-Fi App and the new **hOn App**, you can access a whole world of dedicated contents: exclusive recipes, **tips and tricks about the best cooking methods and unexpected usages of your microwave**.

* The products will be available on the hOn App during the 2021

COOK iNAPP

Candy's focus on saving energy and staying up to date is kept in mind for all our products. The new ECO function **saves energy** in the standby mode, shutting down all the LEDs when not needed.

ECO

Start express enables you to use maximum power. Each time the button is pressed an extra 30 seconds are added to the cooking time. **Easy, intuitive, effective** and with **guaranteed results**.

START EXPRESS

Thanks to the new smoother inner shape, **you no longer have to worry about grease and dirt** getting stuck in all the narrow fissures.

MASTERCLEAN CAVITY

The shape of each cavity has been studied based on its inner dimension. Wave propagation has been balanced, with the form of each cavity calculated. Each product is therefore **tailored** to produce the **best cooking results**.

COOKING SURROUND TECHNOLOGY

GENERAL FEATURES

PROGRAMMES

The wonderful world of cooking is now in your hands and things have never been so simple. Choose a recipe, from 40 options, you want to delight your guests or your family with and the **microwave will cook for you**. The brand new **Automenu**, with the **Cook Light** and **Baby Food** functions provide a **real benefit to everyday life**.

AUTOMATIC COOKING PROGRAMMES

Just set the weight of the food or the defrost time and **we will take care of everything else**. The result will be "Simply" perfect!

DEFROST PROGRAMME

Turn off the microwave's key sounds immediately, whenever you want.

SOUND OFF

Candy has always paid particular attention to the **safety of the family**. The lock function, available on all models, prevents unintended use of the product, especially by children. When switched on, it can only be switched off by an adult, guaranteeing absolute safety for the whole family.

CHILD LOCK

DivO

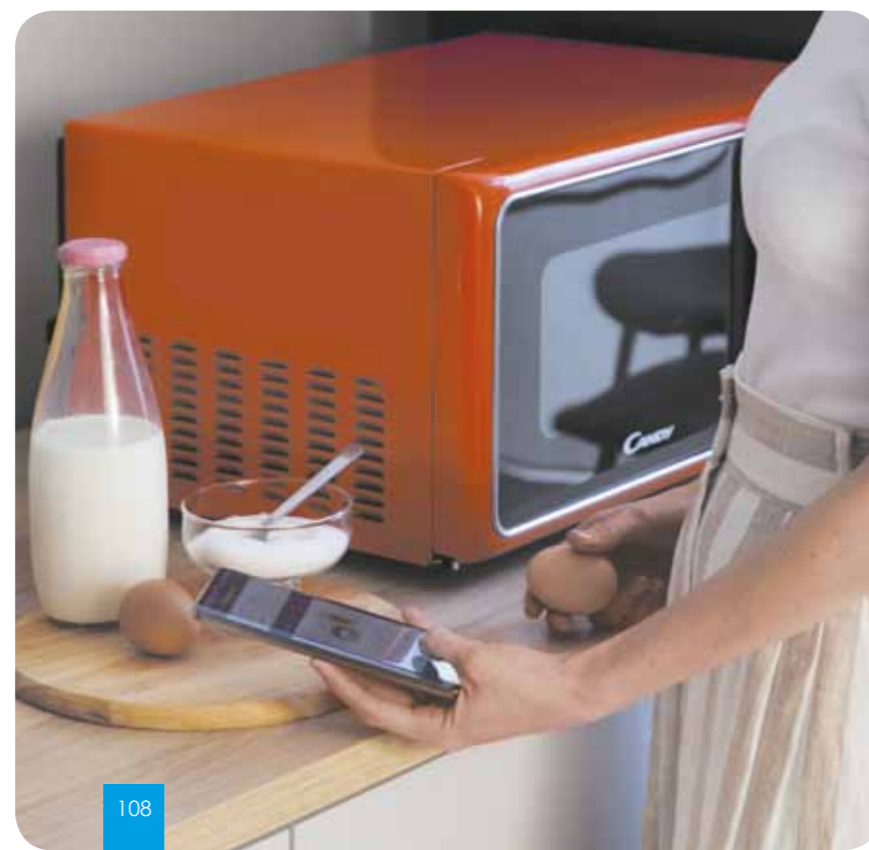

The new **Candy Divo** is the **smart retro-inspired** microwave perfect for those who want to **save time** without giving up on fun and creativity. Prepare **fast**, delicious meals with the **automatic** cooking **programmes** and download the **simply-Fi App** to quickly access extra **contents**, tips and dedicated recipes.

A NEW CHEF ASSISTANT IN YOUR KITCHEN

Designed in **Italy** with great attention to detail, **Candy Divo** will bring a unique **retro twist** to your kitchen. The **fluid** shapes and **chromed** profiles make it **elegant** while the **integrated** knob, handle and buttons create a clean and **effective** interface. Black, orange, cream and acid green: choose your favourite **touch of colour** to décor your kitchen!

ITALIAN DESIGN

DAILY USE

Use the the **microwave** function to easily **reheat** your favourite dishes and drinks in just a few minutes.

REHEAT

Choose between **microwave** and **grill** functions and set the **perfect combination** to cook fast and delicious recipes.

COOK

SMART FUNCTIONALITY

The new smart microwave helps you to save space thanks to its compact version: it is available both in standard dimension (25 lt) and in compact dimension, taking only **0.7-cubic-feet capacity (20 lt)**. Available on **Grill** or **Solo** type, this compact edition features 9 automatic cooking programs.

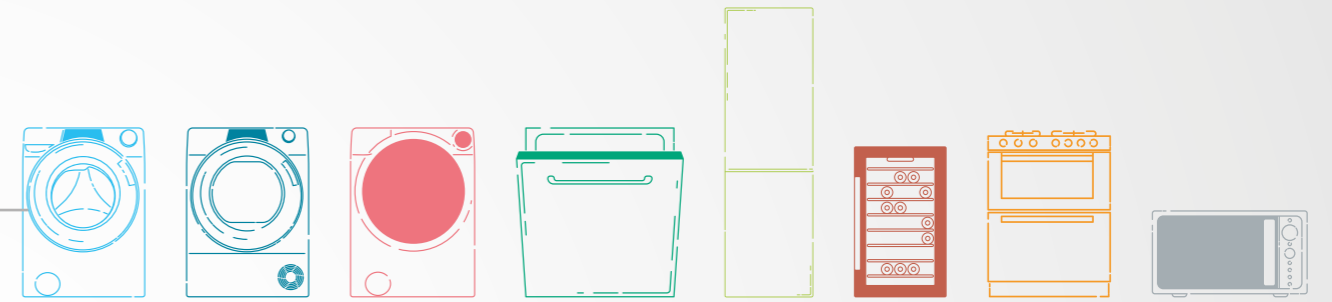

COMPACT DIMENSION

The **quartz grill** is much **easier** to **clean** than a classic grill and its hidden position guarantees **safer** usage. Plus, it helps to reach the perfect temperature for **even** cooking of all your favourite dishes.

OUR HISTORY

Always alert to changing history, Candy now celebrates **70 years of impressive success** built on our philosophy and by listening to the people we love: you.

Thanks to our Italian roots, we combine **design skills with the creativity** that has always belonged to our culture and our domestic appliances never fail to satisfy expectations.

It was 1945 when the first all-Italian washing machine was produced: a Candy.

Since then, we've become an intrinsic part of family life by simplifying the way we carry out day-to-day domestic chores. Over time, **our range has broadened to include all kitchen appliances:** ovens, hobs, cooker hoods, fridges and dishwashers. Here at Candy, we're passionate about developing **unique, innovative products** and exploring untapped areas.

A story that never stops innovating.

Candy's adventure started in 1945 and, more than 70 years later, we are still adding new chapters. **We are looking forward to the future**, and you?

CANDY: 70 years of records

1945

The 1st Italian washing machine called "Modello 50".

1978

- Candy is the first Italian company to produce **No-Frost** refrigerators.
- The **ZOOM** system in washing machine make it possible to shorten wash times considerably.

1986

The Candy **Alisè** is the first washer-dryer in Europe with an internal condenser

2006

The **GrandÓ** washing machines have the largest door on the market.

From 2000 onwards

Candy is the first to introduce 8/9/10/11 kg washing machines, dryers up to 9/10 kg and top loaders up to 8 kg.

2014

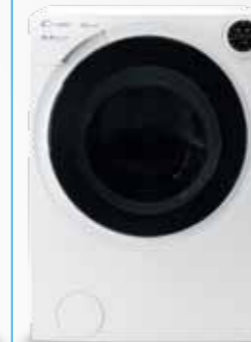

Evospace Maxi Plates is the first dishwasher with capacity for 16 plates.

2017

Watch&Touch is the game changer in your kitchen. The only connected oven with full touch total control screen door and integral HD video camera.

Candy Bianca: intuitive washing has a new model.

2018

Candy Bell'Ó Smart Cooling has a new shape.

2020

Candy Nova. The connected washing machine with just one button, fully manageable from your smartphone via **hOn App**.

1945

1970

Brava is the first super-automatic dishwasher that can manage up to 8 place settings and reduced loads.

1989

Candy **Holiday** is the first 33 cm washing machine which is suited to standard bathroom furniture. Candy also launches the first washer-dryer with a depth of just 44 cm.

2010

Easycase revolutionises the condensation collection system in dryers.

2012

The **Maxi** ovens have the largest cavity, in standard dimensions, on the market.

2019

The oven range is implemented with connectivity functions and vocal management through the **simply-Fi App** and the new **hOn App**.

1960

Candy **Automatic 3** is the first washing machine with modern features, like automatic operation with suspensions and a glass window.

1980

- A dishwasher, cooking hob and oven in just one appliance: the **TRIO** arrives on the market.
- Candy introduces the first 5-burner cooker in 60 cm.

2004

The **Futura** dishwashers are the first to wash 15 place settings.

2015

simply-Fi is the first range of domestic appliances connected via Wi-Fi.

Candy Brava

Fastest wash and dry cycle in the market: 39 minutes.
